GOLF TOURNAMENTS 101

First time organizing a golf event? Not to worry, this page covers everything from formats to recommended hole locations for popular golf contests! Read on for a crash course in planning a golf event and please, contact us with any questions or to discuss how we can create a custom event to fit your budget.

Shotgun Format: A shotgun refers to a method of play in which every golfer begins at the same time but on different holes. Offered to events with 100+ players, a shotgun start provides a smooth transition into the banquet portion of your event as everyone finishes golf at the same time. Shotgun starts are offered at 8:00 am, 11:00 am or 12:00 pm.

Modified Shotgun Format: A modified shotgun start is advantageous to groups with 50 to 99 players who are looking for the benefits of a shotgun start but are not able to field 100+ golfers. Every golfer begins golf at the same time on a specified number of holes while public golfers finish up their back 9.

Consecutive Play Format: Players begin golf with a traditional tee time start - 12 minutes apart.

Scramble Format: All players hit a tee shot on every hole and then select the best shot from which to play their next shot. All players hit from this position. This method of play continues until the hole is finished.
